

## Sometimes

Badfinger

Sometimes I'm only waiting for your smile  
Sometimes I'll only wait a while  
Sometimes a cloud burst makes me wanna cry  
Tell me why?

Sometimes I'm only winning for my time  
Sometimes days are always fine  
Sometimes a feeling makes me wonder why  
Tell me why?

There's always tomorrow, the end of your sorrow and pain  
(Pain, sorrow and pain)  
Say it again  
(Pain, sorrow and pain)  
There's always a reason you always believed in my soul

There's always tomorrow, the end of your sorrow and pain  
(Pain, sorrow and pain)  
Say it again  
(Pain, sorrow and pain)  
And there's always a reason you always believed in my soul

Sometimes I'm only waiting for your smile  
Now you'll make my days a while  
Sometimes a cloud burst makes me wanna cry  
I gotta find out why, tell me why?  
And find out why, tell me why?
