

Whiskey Dust

Badlands

Give it to me, one time

It's been a long time since I seen you girl
Takin' time on me
All the boys 'round town
They tell me you just got back in the scene

I'm fightin' it hard for you, baby
Still lovin' you
Yeah, yeah, yeah, yeah
You're turnin' me on

I'm soakin' my head in this rusty old bar
Hearin' a jukebox playin' old guitar

Your love is whiskey
Whiskey through my bones
Your love is whiskey dust
Burnin' through my bones

Seen you walking down
The other hot night, sweet child
Memory lane has burned a shotgun hole in my soul

I'm fightin' hard for you baby
Still lovin' you
Yeah, yeah, yeah, yeah
You're turnin' me on

I'm soakin' my head in this rusty old bar
Hearin' a jukebox playin' old guitar

Your love is whiskey
Whiskey through my bones
Your love is whiskey dust
Burnin' through my bones
Yeah, yeah, yeah

(Solo)

Since I've been away
The boys they tell me you're a dancin' girl
Swingin' your hips
Winkin' your eyes
You're a circus on the town

I'm fightin' it hard for you baby
Still lovin' you
Yeah, yeah, yeah, yeah
You're turnin' me on, and on, and on, on, on, on

I'm soakin' my head in this rusty old bar
Hearin' a jukebox playin' old guitar

Your love is whiskey (whiskey)
Whiskey through my bones, yeah
Whiskey dust burnin' through my bones

Whiskey woman burnin' through my soul, soul, soul
Whiskey dust burnin' through my bones, yeah
