

I Love You All

Badly Drawn Boy

Don't be sad when it lasts so long
I felt so right even while
I was under helium sky
You blow away
I...

I don't even ask you why
You go away
Cry, cry, cry

'Cause this season, this season
This season, this season
I love you all
I love you all
I love you all
Love you all
I love you all
I love you all
