

Smile So Wide

Bag of Toys

I got some luck last night / You can take a bite
Met a little cutie she was looking for ride
Now who am i not to oblige / When a crazy little lady goes n' hops inside
I got my pants on the table / Got my shirt on the floor
She's ripping off her clothing / That's one girl your can't ignore
She's knocking down that freakin' door / Said Damn that
girl is hot / Gonna get me some more

Baby's got a big ol bag she pulls out of the drawer
Wondering what it is exactly that she's got for me in store
Praying that it won't be painful, someday we'll see...na, na, na,

I got a smile so wide / Everybody's gonna party inside
I've got a smile so wide / All gonna come, gonna come inside
I've got a smile so wide / Everybody's talking bout climbing inside
I've got a smile so wide / Ever-gonna, ever-gonna, ever-gonna get inside

I got the drip drip, drop drop, checking on the mountain top
Only think i'm thinking bout / checking out that flip flop
Down...on the beach... sitting in the sand soaking up the summer heat
Down...by the reef...surfing all day just my buddies and me

I've got to go...quit my job, leave this place head out on the road
I've got to go...quit my job, leave this place head out on the road
Praying that it won't be painful, someday we'll see...na, na, na,

I got a smile so wide / Everybody's gonna party inside
I've got a smile so wide / All gonna come, gonna come inside
I've got a smile so wide / Everybody's talking bout climbing inside
I've got a smile so wide / Ever-gonna, ever-gonna, ever-gonna get inside

I've got a whole lotta love / Enough for all of us
If you need a little, take a little you can be my guest
Now who am i not to help out / When you need
something, man, i'm there no doubt
You can keep my stuff / If you think it'll get you by
Otherwise leave it for the next one there in line
Everytime i go and try / To help the ones a little
less / Fortunate in life

Something about their smile warms me up inside
Knowing that i did a little bit to get them by
Praying that it won't be painful, someday we'll see...na, na, na,

I got a smile so wide / Everybody's gonna party inside
I've got a smile so wide / All gonna come, gonna come inside
I've got a smile so wide / Everybody's talking bout climbing inside
I've got a smile so wide / Ever-gonna, ever-gonna, ever-gonna get inside

Gonna get in side...
Gonna get in side...
Gonna get in side...
