

# Gone Away

Bag Raiders

Each Time  
I'm away  
On a plain  
Gone for days

You'll find  
Someone else  
Come along  
Take my place

I try  
Every night  
To call you up  
Down the line

Alright  
Never mind  
I'm all alone  
Doin' fine

Because you're  
"gone gone gone gone away..."

Because you're  
"gone gone gone gone away..."

And love is  
"gone gone gone gone away..."

"gone gone gone gone"  
And love is  
"gone gone gone gone"

That's right  
She'd a tear  
Say goodnight  
Dry your eyes

This time  
It's all so clear  
Don't look back  
No goodbyes

We start  
Moving on  
Sliding in  
Where we belong

I'm still  
Feeling like  
You're leaving me  
Hanging on

Because you're  
"gone gone gone gone away..."

Because you're

"gone gone gone gone away..."

And love is

"gone gone gone gone away..."

"gone gone gone gone"

And love is

"gone gone gone gone"
