

## Where Did I Go Wrong

**Baha Men**

Ohhhh,  
Where did I go wrong,  
ohhh,  
Uhhhhh,  
Girl when you went away,  
You took a part of me,  
You told me not to wait,  
You said you want to be free,  
But I thought we'd be together,  
Never thought that I'd be alone,  
I use to think you would never,  
You'd never leave our happy home
