

Try, Tried, Trying

Bahamas

A man's man, some say that's what I am
They don't feel that way and I still do what I can
I try, I've tried, I'm still trying to make you see
If you can forget about him, you can forget about me

A rough start but we can make it last
If I can get over myself, you can get over your past
I try, I've tried, I'm still trying to make you see

If you can forget about him, you can forget about me

Some say I'm always set in my ways
That I ain't ever going to change
I don't mind that I don't change these days
I try, I've tried, I'm always trying to be true

All the love that you give me I'm going to give back to you
