

Celestial Winter

Balflare

Strolling in the park
On a cold winter's night
Only small lights
Show the way to the other side
Listen to the silence
Hear the whispers of the trees
Hair flow in the breeze
This is my home to stay

Winds take my mind
On a long trip to unwind
Like a child on a swing
And a fresh start in spring

Dreamer, I'm just a man
But I know that
Dreamer, Walk on to the sunset
Dreamer, I'm a little man
But I know that
Dreamer, walk on to the sunrise

Everywhere I go
Reminds me of the past
Like a scene of a movie show
With an all-star cast
Strolling in the park
On a cold winter's night
Small starlights
Illuminate the way to go

Winds take my mind
On a long trip to undwind
Like a child on a swing
See what tomorrow brings

Dreamer, I'm just a man
But I know that
Dreamer, Walk on to the sunset
Dreamer, I'm a little man
But I know that
Dreamer, walk on to the sunrise
Dreamer, I'm walking on
