

Why

Balkan Beat Box

Hey, no, we don't know why

Know your leader, who's the feeder
To design your new figure
Go and be the dumb gold digger
To make your leader richer

I had enough of them
The only winners in this game
Cuz u did what u could
And they are up and leading on again

Come and be the new beginner
He's no loser he's no winner
Not a hero, not an arrow
Got no bow, his mind is not narrow
Cuz there's no border that will be in a freedom of a man

No more soldier on the border
To make a new world order
No more higher on the lower
Don't just hide behind your lawyer
Why you want to be the dumb gold digger
And make your leader richer?

Hey, no, we don't know why
