

## Why

### Balkan Beat Box

Hey, no, we don't know why

Know your leader, who's the feeder  
To design your new figure  
Go and be the dumb gold digger  
To make your leader richer

I had enough of them  
The only winners in this game  
Cuz u did what u could  
And they are up and leading on again

Come and be the new beginner  
He's no loser he's no winner  
Not a hero, not an arrow  
Got no bow, his mind is not narrow  
Cuz there's no border that will be in a freedom of a man

No more soldier on the border  
To make a new world order  
No more higher on the lower  
Don't just hide behind your lawyer  
Why you want to be the dumb gold digger  
And make your leader richer?

Hey, no, we don't know why
