

## Just Because

### Ball in the House

I tried to...run away,  
but I found I couldn't hide.  
You said that we would never be friends,  
but there's so much more inside.  
I left to chase a shattered dream,  
You know how hard I've tried.  
And now I'm back and you're wondering why...

Just because of the way that you are.  
Just because of the things that you do.  
Just because you opened your heart to me,  
I know God led me to you.  
Just because you stood by my side,  
When everybody ran away.  
Just because of the way you live your life,  
I know I'm falling in love...Just because.  
I tried to...tell you  
I tried to make you see  
But you never seemed to understand  
That you mean the world to me  
I'll leave everything behind  
You know we were meant to be  
You're my soul, you're all that I need...

Just because you always seem to lift me up  
When life would leave me down  
You had faith in me  
You always stayed around  
And even through the times when I broke your heart  
And tore down every star  
I'm here for you know  
Please show me how,  
To be, everything you are...
