

# Cocaine Lion

Ball Park Music

Some things have their skeletons on the outside  
I'm built up from sodium hydroxide

Deep in a dream I pressed erase  
I don't feel like anything today

If you saw what I was feeling on the inside on the outside I'd  
be ugly  
Out hunting empty gastropod's shells to protect my feelings

Deep in a dream I pressed erase  
I don't feel like anything today

I met a girl  
Deep in space  
The universe was flipping aces  
On the table, like a cocaine lion  
Like a cocaine lion  
Like a cocaine lion

Some things feel their way around with antennas  
But I just push on and I have no manners  
Deep in a dream I made a refund  
It's nice to meet you I already miss you

Deep in a dream I pressed erase  
I don't feel like anything today

Deep in a dream I pressed erase  
I don't feel like anything today
