

Struggle Street

Ball Park Music

Tucked in I can see your belly
It's Tuesday night and we're watching telly
This whole damn life is a prison
And you're in it alone
A prison and you're in it alone

Oh god
Oh man
Here I am on struggle street once again
The lord always works in mysterious ways

Tucked in I can see your belly
It's Tuesday night and we're watching telly
This whole damn life is a prison
And you're in it alone
A prison and you're in it alone

Oh god
Oh man
Here I am on struggle street once again
The lord always works in mysterious ways

She's a bitch, she's passive aggressive
You can scroll on down the abyss is massive
This whole damn life is a prison
And you're in it alone

Oh god
Oh man
Here I am on struggle street once again
The lord always works in mysterious ways
