

What's On Your Mind?

Ball Park Music

Girl that I love
Come over to my house
After we've done and I'm lying round
I wanna know

What's on your mind
What's on your mind
What's on your mind

The lights are low
And we're talking soft
I'm not that good at listening
I'm not that good
I still wanna know

What's on your mind
What's on your mind
What's on your mind

And I'm playing shows
Cause that's how it goes
When I'm so far from home
I've got no way to know

What's on your mind
What's on your mind
What's on your mind

There's nothing you can do
Now I'm nothing anyway
You tried everything you can
And it's worked out okay
Your breathing gets loud
In the night I can feel
There's a simple little life
If you want it

(4x):

Everything's okay and it sounds good to me
Everything's okay and it sounds good to me
Everything's okay and it sounds good to me
Everything's okay and it sounds good to me
