

## Beyond

Balligomingo

Spread your wings and fly  
So you can't deny what's there for you  
On your own set yourself free

Go beyond the limit  
You place on yourself  
You'll find the power's all yours

Fly away  
Take control  
Beyond the edge will make you whole

Reach your highest high  
Feel your full desire  
Drawing you  
To be stronger than you've been before  
Go beyond the limit you place on yourself  
You'll find the power's all yours

Fly away  
Take control  
Beyond the edge will make you whole
