

## Escape

Balligomingo

Wounded hands, wounded feet  
Taken down, left to bleed  
Forces let this go  
Whispered to never know

Escape  
Erase my breath  
Erase my being everything  
Wield your mastery mask

Our destiny of blind deceit  
Shrouded moon  
Shadowed night  
My eyes escape

Erase my breath  
Erase my being everything  
Drag me kicking, screaming  
Torn red, revealing

My escape  
Erase my breath  
Erase my being everything  
Retrace my steps in case you dream of me
