

# Goodbye

Balligomingo

Silhouette fades, I thought you were there  
All I can say, I wish you were here

Since you've been gone, I watch from my window  
My tears are lost into the deep without you

My heart is wrapped in your picture  
I won't say goodbye till the end of time  
I'll burn endless fires for your kiss and  
I'll never say goodbye till the end of my life

Awake as the wind blows through the room  
I thought you were there  
We had a world with an open view  
I want you back here

Since you've been gone, I watch from my window  
My tears are lost into the deep without you  
My heart is wrapped in your picture  
I won't say goodbye till the end of time and  
I'll burn endless fires for your kiss and  
I'll never say goodbye

I'll wait so long for your beautiful light  
I'll burn so long for your beautiful light

Since you've been gone I watch from my window  
My tears are lost into the deep without you

My heart is wrapped in your picture  
I won't say goodbye till the end of time  
I'll burn endless fires for your kiss and  
I'll never say goodbye till the end of my life
