Balthazar

My assembled friends  
Day and night wager on our soul  
That's what we're up against  
Undecided , undecided

And everything but that empty bed  
We won't surrender all what comes yet  
But what you can't beg or down with  
Undecided , undecided

Do yourself a favors and run  
Do yourself a favors and run  
Do yourself a favors and run  
Do yourself a favors and run
