

Call Me in the Heart of the Night

Baltimora

Call me in the heart of the night
My line's free for you
Call me tonight, baby please
'Cause I'm needing you

Living on the run
Born like a shiny rock up in the air
Never time for fun
You tell I'm Superman

Keeping up the pace
Beating on the hours as they tick away
Never ending race
I never stop to play, no

Call me in the heart of the night
My line's free for you
Call me tonight, never sleep
'Cause I'm dreaming of you

Call me in the heart of the night

Moving in the groove
Reeling in, my head's getting out of hand
Always got to groove
I'm like a Superman

Call me in the heart of the night
My line's free for you
Call me tonight, baby please
'Cause I'm needing you

Hello
The number you've been trying to call is busy
No, you've got to call back
Try later

Call me in the heart of the night
My line's free for you
Call me tonight, never sleep
'Cause I'm dreaming of you

Call me in the heart of the night

Call me in the heart of the night
Yeah-yeah
