

Jimmy's Guitar

Baltimora

Now, now, come take a ride with me
Run round a special boy you'll see

Everybody swings as the music plays
Shining like a star above the place
Time is moving on, running into dawn, with me

Like once upon a time
Bye-bye, we're on to something wild

Dancing on the moon
Why can I hear this groove?
Seeing should be through the groovy song, woah-woah-oh
Everybody sways, hot guitarist plays
Fingertips are flying all night long, woah-woah-oh
Time is moving on, running into dawn

Ay-yi-yi-yi, Jimmy's guitar
Whipping you round in my favourite line
Ay-yi-yi-yi, Jimmy's guitar
Crazy re-frenetics might bring overdrive

So baby, down down, like once upon a time
Bye-bye, we're on to something wild

Everybody sways, hot guitarist plays
Down, down, come take a ride with me
Run round a special boy you'll see

Dancing on the moon
Why can I hear this groove?
Seeing should be through the groovy song, woah-woah-oh
Time is moving on, running into dawn

Ay-yi-yi-yi, Jimmy's guitar
Whipping you round in my favourite line
Ay-yi-yi-yi, Jimmy's guitar
Crazy re-frenetics might bring overdrive (ay-yi-yi)

Ay-yi-yi-yi, Jimmy's guitar
Whipping you round in my favourite line (ay-yi-yi)
Ay-yi-yi-yi, Jimmy's guitar
Crazy re-frenetics might bring overdrive
