

Survivor In Love

Baltimora

Take another song like yesterday
Thinking of the way we used to play
I don't think I'd face it through without you

Tears around a world we leave behind
Something really strange inside your mind
What are we supposed to do, surrender?

Survivor in love again

Make another change, a holiday
Maybe my last chance to hear you say
Let us find a love of ours together

Reflection of our love is in the sky
I can see a teardrop in your eye
Let me feel you close, I can't surrender

Survivor in love again
Survivor in love again

Love me do
I just wanna be the one to help you through
The love I have inside I'll only find in you, yeah
And I don't ever wanna try to hurt your pride, yeah

Hold me do
Those cold and lonely nights out there are not for you
This feeling warm inside I feel will pull us through, yeah
And I don't wanna be the one to hurt your truth, yeah

Take another song like yesterday
Thinking of the way we used to play
I don't wanna go, I am without you

Tears around a world we leave behind
Something really strange inside your mind
What are we supposed to do, surrender?

Survivor in love again
Survivor in love again

Don't split it up
Now is the time
Why don't we try again?

Love me do
I just wanna be the one to help you through
The love I have inside I'll only find in you, yeah
And I don't ever wanna try to hurt your pride, yeah
