

Inside My Eyes

Balzac

When I go through the night
What do you feel now?
When you go through the darkness
What do you feel now?

When I go through the night
Keep an eye on what you see
When you go through the darkness
I don't need it anymore

What do you feel now?
I don't know what I lost
What do you feel now?
Truth, I wanna make sure

Wake it up, sleeping deep inside my eyes
Find the words curved deep in my eardrum
Remember the feeling in your hands
Lose them all deep inside your heart

What's in my hands?
Bleeding light
Know your sadness

Night in your heart
Darkness in your mind
Shadow in your heart
What do you see now?

What's in my hands?
Bleeding light
Know your sadness
What's in my hands?
Bleeding night
Know your fear, something else
What's in your hands?
Bleeding knife
See you again in my dream
What's in your hands?
Bleeding knife
Back again to my dream
