

The Silence Of Crows

Balzac

Go!

I just see another day
Someone to see over tomorrow
You must see yesterday
I know what you did last day

The silence of crows
The art of dying
I'm walking the other way
I don't care nothing changin' tomorrow

Kuzure ochi yuku gensoo no kagiri (The illusion's shadow goes t
o destroy the calm)
Sozo sareta futashikana kozo (Uncertain structures are created)
Ume tsuku sareta hikari no naka ni ha (In the light, it starts
to bury)
(It is over) The silence of crow
No reason why

'cause just is
(No reason why)

So! The silence of crows

I just see another day
Someone to see over tomorrow
You must see yesterday
I know what you did last night

The silence of crows
The art of dying
I'm walking the other way
I don't care nothing changin' tomorrow

Tojikomerareta gensoo mo kageri (confined illusion and shadows)
Sugi saru kao ha futashikana shoozoo (Unsure images passing by
my face)
Kizamikomareta ikari no hate ni ha (Cut the anger's end)
(It is over) The silence of crow
No reason why

'cause just is
(No reason why)
