

Online

Bambee

Are you online?
Are you online?

Are you online I've been waiting for a sign
Are you online I've been waiting all the time
I'm in the chatroom so come and meet me soon
I've got to get this message through
I'm waiting for you

In the morning the first thing I do
Is to check my mailbox and hope there is
something from you
That little pling a message for me
It's just a thing that makes me happy
Cause I'm your cyber baby, if only we could maybe
Get together all night through

I hope you won't forget I'm your lover on the net
Boy I got a question for you
Ohh...

Are you online I've been waiting for a sign
Are you online I've been waiting all the time
I'm in the chatroom so come and meet me soon
I've got to get this message through
I'm waiting for you

In cyberspace I'm so hooked on you
I wish you were here so we could make
our reality true
Cyber love it just can't replace
The fact's that I can't see your face
Cause I'm your cyber baby, if only we could maybe
Get together all night through

I hope you won't forget I'm your lover on the net
Boy I got a question for you
Ohh...

Are you online I've been waiting for a sign
Are you online I've been waiting all the time
I'm in the chatroom so come and meet me soon
I've got to get this message through
Ohh....

Are you online I've been waiting for a sign
Are you online I've been waiting all the time
I'm in the chatroom so come and meet me soon
I've got to get this message through
I'm waiting for you

Can't save my rainy day
Yes it's true
Please hear me when I say
Heyeah

Are you online I've been waiting for a sign
