

# War Of Hearts And Minds

Bamboo

War of hearts and minds  
Who will pay the price?  
Does anybody care?  
It's not make believe  
You've seen it on your TV screen  
I'm glad you're not here

Chorus:

Take my wife please  
If you think it's funny  
Cut my heart out for a souvenir  
Take my life please  
If you think it's worth it  
I'm glad you're not here  
I'm glad you're not here

War of hearts and minds  
Seven days later,  
I still can't find  
Truth and peace  
How will i find my way  
They say love, love without fear  
Is said to be the key  
But just look around  
No answer to be found  
(Get me out here)

(Repeat Chorus)

(Repeat Chorus)

Coda:

I'm glad you're not here
