

My Lovely Senorita

Bananafishbones

My lovely senorita is sweeter than the apples grown in winter
I love her so badly, she just shakes me madly and I will always
be her man.

Her husband always hits her and treats her like she was nothing
,
So I decide to kill that swine and I`m gonna do it now.

I put some poison in his morning-coffee, he enters the arena.
The torro realizes at once: This is an easy game for me!
He pierces him up with his horns and tramples him until the gut
s run out
And now he`s lying on the floor. HIHIHIHI !!!!!
I`m just a boy who`s inventions are bad
I`ve scored won`t You make her want to give me head !?

And the story is to be continued.....
Her wedding gown is white and bright, we climb the stairs to th
e chapel right.
The swallows turn in blueish height and we are married full of
fright.
I`ll always live in faith to You, no matter where we`re going t
o, no matter what

Will ever be, I`ll respect You You`ll respect me. So children c
ome and children go,
Our DNA is mixed and floats, floats since the day that she gave
birth, the waving
Star to life on earth. All angels found a heaven here to work a
nd learn and
Disappear to learn again that all is one to gather round and ha
ve some fun.
Nasty fun.
