

Bad for Me

Bananarama

It's something wonderful
When he makes love to me
He's everything I ever need

They can't understand
What I see in him
He's so different when we're on our own

He has all the things I can't do without
No matter what you say to me
He will always be my love energy
Burn inside of me, why do they say

He's bad for me
That's what they say
Bad for me
But I don't care
Bad for me
What do they know
Bad for me

When he's standing close
I'm too blind to see
All the things he doesn't do for me

Just so long as I
Can be by his side
Doesn't matter, that's enough for me

Don't need anything better in my life
Than my baby when he's holding me
He will always be my love energy
Burn inside of me, why do they say

He's bad for me
That's what they say
Bad for me
But I don't care
Bad for me
What do they know
Bad for me

He has all the things I can't do without
No matter what you say to me
He will always be my love energy
Burn inside of me, why do they say

He's bad for me
That's what they say
Bad for me
But I don't care
Bad for me
What do they know
Bad for me
