

# Don't Step on My Groove

Bananarama

It's so electric here tonight  
And so I'm heading out for the city life  
I feel connected and it feels so right  
Hear the sounds  
All around, all around

Got no time to hesitate  
If you're with me don't be late  
Coz I Wanna dance

[Chorus]  
Don't step on my groove  
Coz I just wanna move  
I don't care what you do  
But don't step on my groove

I'm captivated, every time  
Looking pretty and I'm running wild  
There's nothing like it  
When you lose your mind  
To the sounds  
All around, all around

[Chorus]

I just keep dancing [x4]
