

Dum Dum Boy

Bananarama

Should have seen those tell tale signs I
Should have read between the lines
Such a fool for love and your lying eyes were
Only here to waste my time but
Ooh you speak the language of love (oh amore)
It carne to nothing push to shove

[Chorus:]

You're just a dum dum boy
Making noise
Dum dum boy dum dum boy
Just a dum dum boy
With all your toys
Such a dum dum boy, dum dum boy
Who do you thing you are
You ain't no superstar
You're just a dum dum boy
That's all you'll ever be
Stay away from me

Hooked me with your lovers lies I
Don't see the warning signs I
Ate it up and swallowed whole
Now your illusion leaves me cold and

Lies s flow so easy from your tongue (slow like honey ah)
Came to nothing when said and don

[Chorus]

It came to nothing, dum (4x)

[Chorus]

Dum dum boy
Making noise
Dum dum boy dum dum boy
Just a dum dum boy
With all your toys
Such a dum dum boy, dum dum boy
Dum dum boy
Making noise
Dum dum boy dum dum boy
Just a dum dum boy
With all your toys
Such a dum dum boy, dum dum boy
Who do you thing you are
You ain't no superstar
You're just a dum dum boy
That's all you'll ever be
Stay away from me
