

Seventeen

Bananarama

Take me to the heart of the city
Where the people are pretty
And the music is loud
Late at night I feel connected
The lights are bright
It's so electric with you
When I'm with you

[Chorus:]

Kiss me like you do in my dreams
Make me feel like I was seventeen
Don't stop it now coz I like it
Don't think about it don't deny me

Kiss me now don't let me go
Make me feel like Marilyn Monroe
Don't stop it now coz I like it
Don't think about it
Don't deny me

Your kiss is sweeter than honey
All over my body
All through my soul

Late at night I feel connected
The lights are bright
It's so electric with you
When I'm with you

[Chorus]

Kiss me now don't let me go
Make me feel like Marilyn Monroe
Don't stop it now coz I like it
Don't think about it
Don't deny me

Kiss me
Come on baby kiss me
Come on baby kiss me
Come on baby oh

Kiss me
Come on baby kiss me
Come on baby kiss me
Come on baby oh

[Chorus]

Kiss me now don't let me go
Make me feel like Marilyn Monroe
Don't stop it now coz I like it
Don't think about it
Don't deny me

Don't stop it now
Don't stop it

Don't stop it now
Don't stop it

Don't stop it now
Don't stop it

I was seventeen
Don't stop it now
Don't stop it
Don't stop it now
Don't stop it
Don't stop it now
Don't stop it
