It is hard to believe  
When we seal the seven seas  
Noone knows the the storm has just begun

We get up we get down  
Really sinking to the ground  
When we come to an island in the sun

And we hear that I'm sing

Ba yonga wamba hey  
Ba yonga wamba ho  
Ba yonga wamba hey  
My mucochachao

Take my love take my hand  
Take me to the promised land  
Where the sun and the ocean wanna blue

Kiss me once kiss me twice  
'cause it feels like paradise  
There is no better place for me and you

And we start to sing
