Band of Horses

The night is wasted  
Sorry and passed out on the lawn  
Hours later  
You couldn't get him on the phone  
And when he got back home  
All the lights were on

I can hear you  
Now and then the sound is almost gone  
Well, I'd be near you  
If you were willing to be near anyone  
It's never you at all  
And when the sky begins to fall

Will you get to the point and walk away, girl  
You've been cutting it close for far too long  
There's an innocence lost throughout the day, girl

When you're flipping a coin, you're half away, girl  
I know it would be good if I could only pick a side  
You know when somebody goes somebody stays, girl
