

# On My Way Back Home

Band of Horses

On my way back home  
A chance I thought of,  
Oh my favorite song  
Where I'd gone wrong.

The only words that I could think of  
I'm pissing my life away in the form of song  
On my way back home.

Every step,  
a victory it was.  
I was cheating death.  
Just in time I woke.

My memories start to wander off  
Come to me the remembrance of  
My way back home.

I came in this way.  
And here now I'll stay, if the unknown  
have to wait one more day

There's often times that it comes out wrong  
But luckily I, I got a mind to know.  
On my way back home.
