

The First Song

Band of Horses

I'm shaking awful...
I'm shaking, asshole
And where's the remote?
Its gonna fall off.

The snowing in cover,
Do you recover from those?

And christmas time coming
And over approaching
We've been drinking, pardon.

As christmas time goes
I'm coming over
Coming from
Youre already gone

I'm wrapping up
The presents
I bought

An overcoat
Will take me anywhere
O,
We've suffered enough.

Its scary
To me,
And their leaving from earth.
Cutting us off
Knowing that
One
Calling on
Total
Way.
Do i know anyone
No
I dont know

Anyone
