

Asleep at the Wheel

Band of Skulls

I went upstate
Asleep at the wheel, yeah
Double the win
Near leather feel, yeah
When I'm safe and sound
In echo distant dibs, dibs
My feet and that detail
Thank God for A, B, S

'Cause where we are going, is anyone's guess
Yeah!

Took the bait
So that you, yeah
Born again
To die and to
The sun shines behind me, to behind the glass
The only, yeah
I don't have time to wonder
Don't have time to miss

'Cause where we are going, is anyone's guess
Yeah!

Anyone's guess

'Cause where we are going, is anyone's guess
Yeah!

Anyone's guess
Yeah!
