

# Nightmares

Band of Skulls

I was afraid of coming undone  
Being a burden, being a son  
I was afraid of the look in my eye  
The tears on your face in the desolate night  
'Cause when you're afraid of everything  
Everything is a start for nightmares  
Nightmares, nightmares  
Nightmares, nightmares

Oh oh oh ooh  
If I die tomorrow, would you be upset?  
Or would you be the one coming to get me?!  
Follow by the wish of never changing mood  
Tell me it's alright

If come reason, if you could stay  
To put up your faith in the palm of my hands  
I will protect you, I will defend  
So it never gets you ever again  
Everything is a start for nightmares  
Nightmares, nightmares  
Nightmares, nightmares

Oh oh oh ooh  
If I die tomorrow, would you be upset?  
Or would be the one coming to get me?!  
Follow by the wish of never changing mood  
Tell me it's alright!

Maybe I'm just dreaming  
Maybe I was wrong,  
Maybe I was right  
'Cause I can't imagine distances in our faiths  
Is there any?

Nightmares, nightmares  
Nightmares, nightmares  
Nightmares, nightmares  
Nightmares, nightmares  
Nightmares, nightmares  
Nightmares, nightmares  
Oh oh oh ooh
