

Lay The Blame

Bane

Again- again left with this lesson that is not mine to learn
Tears regret and painful questions it smashes your spine
Steals all that time
And takes the eyes right out of your head
But we don't point a finger
Nobody says a word
But it rips us apart
That old man I looked up to
Passed out on the floor
That stupid crazy motherfucker
Taking all those lives
The one the love my mother
Poisoned from inside
What it did to me ripped us apart
And you how did it get to you
The smartest of us all
It knocked you down and beat you up
But neither you or it would ever let it go
And again I pay the price
