

## What Keeps Us Here

Bane

What keeps us here  
Is a few shining lights  
Who brighten our paths  
Whenever we roll through  
It's more than music  
Not part of some crew  
It won't last forever  
But it's thicker than blood

The best reason I can think of to have come all this way

What keeps us here  
Is bonds that we share  
From so far away  
Throughout all the years  
So few decisions  
Will ever cost you more  
Than those you choose  
To place in your trust  
Consider your friends

The best reason I can think of to have come all this way

You are what this means to me

You crouched in the corner  
Rolling dice before the show  
With a smile and a hug  
"I've been counting down the days"  
The hours fly right by so we stay up all night  
Talking movies, talking life  
Remembering where we came from  
All that's changed but you've remained  
And that's enough for me
