Rock Rebellion

Bang Camaro

Fists up If you believe in us Fists up If you are one of us

We know it starts tonight We know the time is right You know that we've become All that's been undone

We're not our father's sons We are the chosen ones We will defeat the light Rebellion starts tonight

Lights out Let the power guide you Lights out Let us be your guide

We know it starts tonight We know the time is right You know that we've become All that's been undone

We're not our father's sons We are the chosen ones We will defeat the light Rebellion starts tonight

We are all the victims But we've found our way Penetrate the pain And you will hear us say

Whoah-oh-oh-oh-ah-oh Whoah-oh-oh-oh-ah-oh Whoah-oh-oh-oh-ah-oh Whoah-oh-oh-oh-ah-oh

We're not our father's sons We are the chosen ones We will defeat the light Rebellion starts tonight Oh, yeah!
