

## Better Things

Bang Gang

Don't drag it down  
Just because you're down  
Just because you're blue  
Doesn't mean I'm too  
I know found  
You need more than me  
Don't talk to me  
Without being free

It's freedom  
Without love  
And magic  
Without love  
And magic without love  
Yeah

Hear me say  
Better thing will surely come my way  
Hear me say  
Better thing will surely come my way

Say the magic's gone  
Well I'm not a magician  
Say the spark's gone  
Well get an electrician  
Say you're right about needing to be free  
All that's bullshit, baby just won't rid of me

You want freedom without love  
And magic  
Without love  
And magic without love  
yeah

Hear me say  
Better things will surely come my way  
Hear me say  
Better things will surely come my way

My way  
Hey  
Surely come my way...
