## **Never Ever**

Never ever will I wish you bad Never ever will I crack your head Never ever do you harm Never ever eat your heart

Irm in a haze the world is floating I take a drug the world is floating

Never ever clear my brain Never ever stop my use Never ever will I eat your shit Never ever will I fuck me up bad

Irm in a haze the world is floating I take a drug the world is floating

Never ever clear my brain Never ever stop my use Never ever will I eat your shit Never ever will I fuck me up bad

Irm in a haze the world is floating I take a drug the world is floating
