

Punk Beat

Bang Sugar Bang

Punk Beat beat of the punks
What do they think who gives a WHAT?
Punk Beat
They talk about us all the time
Their beady eyes are on the prize
But they don't got the beat
Keep trying
Attitudinal release
The drummer's kick kisses our feet
'Cuz we don't care what they think
Oh no
Wanna feel it?
Punk Beat beat of the punks
What do they think who gives a WHAT?
Punk Beat
We don't have nothing else
Hand to mouth hand to mouth
Yeah life without the beat would be boring
We declare sonic war
Yell and scream and scare the straights
'Cuz we don't care what they think
Oh no
Wanna feel it?
We don't care what they say
The beat is gonna have its way
