

Tony

Bang Sugar Bang

He was born one hundred years old
Scenester Tony hangs at the Rainbow
He likes me 'cuz I match his car
He's real mean 'cuz he never became a star
Life just moves too fast for me
When I hang out with Scenester Tony
He's in love with the past
He's so cool that he's boring
Tony
Superficial smiling rage
Boiling over in disguise
Hides his eyes so he can't see
His own insecurities
Life just moves too fast for me
When I hang out with Scenester Tony
He's in love with the past
Hes so cool that he's boring
Tony You look good
