Just For You

Bang Tango

Loneliness, it made you sad
Watch you cry
I see you cry
She cried
Emptiness brings you back
To your home, all alone, to you home
I'd do anything just for you
Just for you
Standing here
Open arms
Hold you close
So tight
Won't let go
I'd do anything, anything for you
I'd do anything, anything for you
I'd do anything just for you
