

# Midnight Struck

Bang Tango

Please forgive me for not smiling  
Please excuse the tear in my eye  
You were out late, you were playin'  
I was alone late last night

It's gettin' too late, it can't be true  
Has this lovin' world turned it's back on you?  
Out spendin' your time, baby, diggin' for gold  
Dig inside yourself, it's inside your soul

Sometimes love gets so hard and only Lord knows  
Just to win the fight, we gotta take the scars  
If we could change the way things might have been  
I'd bet we'd go back to where it first began  
I bet you would, baby

Emptiness can be a silent friend  
It stays with you until love comes once again  
So I hope you find what you're looking for  
'Cause that friend may stay with you until the very end

Where were you when midnight struck?  
Where were you when midnight hit?  
Am I just a fool with such bad luck?  
Where were you when midnight struck?

Hang my life by the end of a string  
You tell me that our love don't mean a thing  
Well, I know that it can't be true  
'Cause I was up late, baby, waiting for you

And now my feelings just fade away  
All my memories come to an end  
That night, girl, you dragged me down  
That's the night I swear, I saw the devil in you  
The devil in you, girl
