

Cloudy Daze

Bang

You are my sunshine on a cloudy day
You gimme love and laughter when skies are grey
You are my sunshine on a cloudy day
You gimme love and laughter when skies are grey
You are my sunshine on a cloudy day
You are my sunshine on a cloudy day

You're there with me at my darkest hour
You fill my arms with the brightest flowers
You lift me up with the things you say
You are my sunshine on a rainy day
I wanna feel your arms in a warm embrace
I wanna see your love written on your face
And as time goes by
You'll be my sunshine on a cloudy day

You are my sunshine on a cloudy day
You gimme love and laughter when skies are grey
You are my sunshine on a cloudy day
You gimme love and laughter when skies are grey

Today! Today!
