

Feels Nice

Bang

Wait let me through, there's so much I gotta do
Gotta get down the road, and Love you
Oh! how good it feels to know
We're gonna take it all so slow
Gonna hold on and never let you go
Do do do do, do do do

Your just a loving woman
Trying to get it on with me
Your can make me feel so good
I ain't never gonna let you be
I'm just a loving man
Trying to get it on with you
I can make you feel so good
Look out I'm coming too

Aw! Feels Nice
I can't remember anything so good
Aw! Feels Nice
I love to squeeze
I wonder if I should!
