

# I Can't Wait!

**Bang**

I n the evening when the sun goes down

All I see is what I hear  
All the day the day ay ay  
All I feel isn't clear  
Every day you pass me by  
Any way that's how it feels  
I can't wait to see you smile  
Every minute everyday

You said to meet you and don't be late  
You didn't even show  
Why do you hesitate  
I may never know

Every day you pass me by  
Any way that's how it feels  
I can't wait to see you smile  
Every minute everyday
