

Isle Of Hope

Bang

Like an angel gently calling,
She beckons me
Lost in the distance of another life,
My destiny
The Isle of Hope, The Isle of Hope
Skid away Drift away across the water
Skid away to the Isle of Hope

Adrift upon a tender wind
I hear her whispering
Spend your life
Be here with me
Make it so
Let it be
Skid away across the water
Skid away to the Isle of Hope

Like an angel gently calling
She cries to me
Skid away across the water
Skid away to the Isle of Hope
Skid away to the Isle of Hope
Spend your life
Be here with me
Make it so
Let it be
Skid away Drift away
