

Kissing Me

Bang

Your lips are kissing me
Look! at me
Your eyes they look at me

Dreams of you
My dreams are all of you
Nights with you
I spend my nights with you
Your only with me when I'm sleeping
Your only with me when I dream

Don't wanna wake up
That's not what I want to do
Never wake up
As long as I'm dreaming of you
Kissing Me

Loving you
My time is Loving you
Needing you
My need's are all in you
Your only with me when I'm sleeping
Your only with me when I dream
Kissing Me
